

PRODUCT INFO

VALVE SYSTEM

for ORTLIEB Water-Sack, Water-Bag and Water-Belt

PVC
free

weight g/oz.
41/1.4

SPECIFICATIONS:

- + Valve system is available as sparepart for ORTLIEB water containers from 1999 on
- + Waterbags are easy to clean and dry thanks to the large opening of the valve
- + The waterbag can be turned inside out through the large opening
- + Metering valve can be opened and closed easily with one hand
- + Can be combined with available outdoor hand filters Katadyn and MSR
- + The metering valve fits onto bottles with PET threads and allows metered drinking and pouring
- + The complete large inside threaded cap can be screwed on SIGG bottles or Nalgene bottles with wide openings and allows metered drinking
- + The dust cap may be replaced by the ORTLIEB Shower-Valve (optional accessory). The Shower-Valve turns the ORTLIEB Water-Bag or Water-Sack into a camping shower

Contents: Valve system

Accessory: ORTLIEB Drinking tube, ORTLIEB Shower-Valve
